At graduation, John, said "and I would like to Thank Ms. I for helping me to do things I thought I couldn't do."

The collage also features a small illustration of a person sitting at a desk with a dog, and a blue speech bubble containing the text "30%".

Project Notes

I'm a b-boy and this is practically the first Scratch project I ever made.
INSTRUCTIONS click the boombox and then the other icons at the top of the screen.
HOW I MADE THIS The boombox makes a beat and "broadcasts" messages to the dancer. The dancer responds by moving and whirling. I took pictures of myself doing b-boxing and naja freezes and cut them out in photoshop. Then I made it so that when you click the icons at the top, the dancer busts out with a phat move. MORE IDEAS It would be fun to add other dancers that respond to the

JAVA v.s. Scratch

```
public class HelloWorld {  
  
    public static void main(String[ ] args)  
    {  
        System.out.println("Hello, World");  
    }  
  
}
```
